NIRMAAN

Foundation

(Classes VII-X)

NIRMAAN Foundation is a structured, school-integrated academic program designed for students of Classes IX to X to build a strong base in core subjects and mathematical thinking at an early stage.

The program focuses on strengthening conceptual clarity in **Mathematics** and **Science**, while systematically developing **logical reasoning, analytical ability, and problem-solving skills**. By nurturing these fundamentals during the formative years, students gain the confidence and competence required for higher classes and future competitive examinations.
